June 2015

Our commitment to you :

- We will aim to provide you with access to a **10 minute routine GP appointment within 2 days of your request** – if you wish to see a specific GP you may need to wait longer depending on the days they have a surgery.
- We will aim to provide you with access to a **5 minute urgent GP appointment on the day of request** when a problem will not wait until the next routine appointment is available – an urgent appointment will be with the next available GP that day.
- We will always try to keep any delays to a minimum but sometimes unavoidable delays do occur, particularly towards the end of morning surgery. We ask for your courtesy and co-operation in such unavoidable circumstances.

! THINK ! – before booking an appointment with a GP, could your problem be better solved differently ?
